To Whom It May Concern:

I wholeheartedly support The Nicholson Heritage Association's efforts to secure funding to renovate the historic Delaware, Lackawanna and Western Railroad Station in Nicholson, Wyoming County.

After much discussion on renovating the station, it was purchased by the Nicholson Heritage Association in June 2012. Funding will transform this landmark into the Nicholson Tourism Center at the historic DL&W Railroad Station. The renovation will increase tourism to the region and give residents a heritage center to be used for community events.

I fully support this worthwhile initiative. Since its construction, The Nicholson Station has been a central part of the community. It is well-known for being the first and largest station built by the Liggett's Gap Railroad on its line from Scranton to Great Bend, PA in 1849. This project will be an economic boost to the region providing jobs through the restoration phase and creating jobs and generating revenue for local businesses upon completion.

Your positive consideration of this request would be greatly appreciated. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Lisa Baker".
